Analysis & Recommendations

On the last day of the week the index moved in the positive direction and an increase of 130 points closed the index at 15435. The index touched a low of 15225 points after which it recovered and closed near its days high of 15445 points. Volumes were 260 million and remained on the lower side as compared for the past few weeks. The index remains above all its levels of DMA and we further expect selling pressures to the level of 15000 this week. We recommend SELL ON STRENGTH between 15475-15550 points.
